

Career Growth Path

Build capability in your current role through deliberate practice, useful feedback, coachability, and reliable execution.

Use this guide while watching, practicing, and reviewing. Write notes in your own words, then confirm live procedures against the current SOP.

Learning objectives

- Use a practice and feedback loop
- Respond to coaching without defensiveness
- Connect capability to current role expectations
- Confirm any increase in ownership with your manager and current written role plan

Key ideas

- Practice, apply feedback, and review the result
- Capability means using knowledge and skills reliably in current work
- Your manager and current written role plan define your responsibilities and expectations
- Take on increased ownership only after the change is documented in your current written role plan

Practice and reflection

- Explain the main idea of Career Growth Path without reading a script.
- Name one behavior you can demonstrate in your next seller or team interaction.
- Write one question you still need a manager or current SOP to answer.
- Record the next action you will take and when you will take it.

Source of truth

Current written SOP, role sheet, offer letter, and manager direction control when live procedures or role terms differ from training.
